

Regional Laser Educator

Marne Guthrie

[@marne.laser.specialist](https://www.instagram.com/marne.laser.specialist)

Marne graduated from the prestigious Shaw College of Beauty Therapy, London, England in 1988 to pursue her passion in applied aesthetics. In her over 35 years of hands-on personalized service, she has gained knowledge and experience that has given her the ability to enhance her patients' health and appearance. Using the latest technology and continued higher education, Marne has a special talent for analyzing skin and determining a successful treatment plan that will give the best results.

Marne is proud to be LifeTime's Regional Laser Educator combining her love for teaching with her love of laser treatments.
