SKIN SERVICES

MEDICAL GRADE FACIALS

Customized treatments help manage and treat certain skin imperfections and conditions utilizing medical-grade products.

PEELS

Resurfacing peel that stimulates collagen production which soothes inflammation, brightens skin and encourages cell turnover. Medium-strength, medical-grade chemical peel that helps to minimize signs of aging, including fine lines, wrinkles, sun damage, hyperpigmentation, melasma and uneven skin texture, dullness and tone. Targets acne and acne scarring and helps minimize pore size.

HYDRAFACIAL

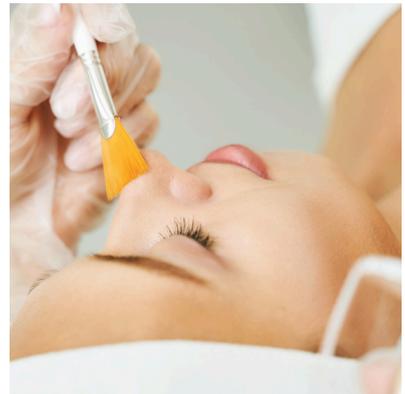

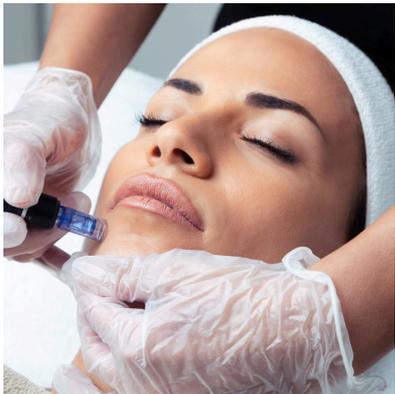

(has been referred to as Red Carpet or Water Facial) Most powerful, non-invasive skin resurfacing treatments available today. It combines cleansing, exfoliation, extraction, hydration and antioxidant protection that removes dead skin cells and impurities, while simultaneously delivering moisturizing serums into the skin.

DERMABLADING/DERMAPLANING

Service that removes the top superficial layers of the skin along with any unwanted villous hair. No downtime, great for patients that are not candidates for laser hair removal.

SKIN PEN/MEDICAL MICRO-NEEDLING

Medical grade tool that works by creating a series of microscopic channels in the skin to stimulate collagen and elastin production. Creates tighter skin, lightens pigmentation, reduces pore size, and targets fine lines, wrinkles, acne scars and stretch marks. Safe for all skin types and all parts of the body. Typically done in a series but can be done as a standalone service.

Prices vary based on provider and service offering.

For more information or to schedule a consultation, please call 651-695-3824.

WAXING

Treatment that removes hair by applying and removing warm wax to the skin. Wax adheres to the hair which is then removed from the root.

LASH AND BROW TINTING

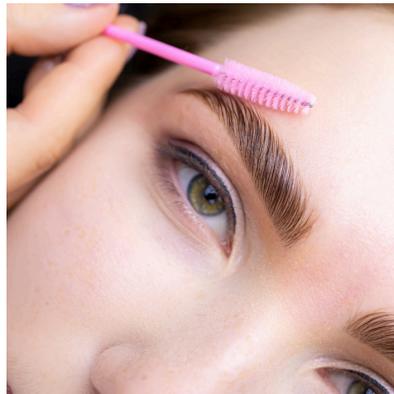

Semi-permanent color applied to natural lashes, adding rich color and a more defined look

LASH LIFTS

Semi-permanent chemical treatment that curls natural lashes from the base to the tip with a silicone rod, resulting in a natural eye-opening lash swoop

BROW LAMINATION

Semi-permanent treatment using a gentle lifting solution to soften and realign natural brow hairs.

Prices vary based on provider and service offering.
